NJ 07931, USA

Status of the device in health insurance or the health system  
of other European Union member states

Hereby, we are writing to you to inform you about the status of the SING IMT intraocular telescope in health insurance and health systems of other European Union member states.

Country	Reimbursed reference price (excluding VAT)
Germany	€18.000,00
Italy	€20.000,00

To-date, SING IMT has been recognized by the Institute for the Hospital Remuneration System (*InEK*) in Germany under the new examination and treatment method (*Neue Untersuchungs- und Behandlungsmethoden, NUB*). Please refer to Attachment A, item number 239, *Implantation eines Miniaturteleskops bei Makuladegeneration*. This allows for the SING IMT to be reimbursed in hospital setting with the reimbursement price of €19.260,00 (including 7% VAT). Please note that the reference price in Attachment B in the amount of €19.236,90 represents the cost of SING IMT of €19.260,00, reduced by €23,10, which is a pre-defined proportion for implants in the German aG-DRG C14Z.

SING IMT has also been recognized in the region of Tuscany, Italy, with a favorable decision of the HTA Commission to reimburse SING IMT at the price of €20,000 (excluding VAT). Please refer to Attachment C.

Sincerely Yours,  
Syed Rashid  
Vice President, WW Market Access & Government Affairs  
Samsara Vision
